The essence of Chinese Metaphysics is about qi which is the life force of all living things on earth. The way the masters of this ancient art and science go about manipulating qi to their advantage in all aspects of life is phenomenal in its creativity and ingenuity. Feng Shui is one of heaven's gifts to mankind as it enables man to live in harmony with the environment by skilfully observing the flow of qi and its effects on people living within a space. By knowing when and where qi is, the practitioners of this amazing craft can tap into the life force for their benefits in terms of career, wealth, health and relationships. The Four Pillars of Destiny (Ba Zi) is the other heavenly gift as it empowers man to live in full by knowing who we are, what we are capable of, where we are headed and what the future holds. We all have our ups and downs in life. As they say, knowledge is power and when we use the knowledge to our advantage, it is the key to our success and happiness.
